

## FARMER COMMUNITY TOUR IN NEPAL

The life of a farmer in Nepal can seem idyllic: whilst the work is hard and the days long, working outside surrounded by some of the most beautiful scenery in the world looks truly blissful. Wonder if the simple life of a farmer is for you? This is your opportunity to find out!

Your tour will begin with what is a relatively easy hiking through the hills of Dhading. You will walk at a leisurely pace for between 4-5 hours each day, enjoying the opportunity to get closer to the Nepalese nature, discovering the incredible mountain views and lush green hillsides that the country is so famous for.

### Discover Local Life

The diverse nature of this tour means that it is a wonderful opportunity to discover so many unique aspects of Nepalese life. This will give you the chance to learn more about their lives and their daily activities whilst also joining them to work on their farmland. Depending on the season of your stay, this work will vary but could include activities such as ploughing the fields with the help of oxen, planting the rice or harvesting when it's time for the crops to be stored. Once your participation with local people is over, you will drive to another beautiful lake city of Pokhara for 2 nights for local sights and drive to Chitwan National for another 2 nights for jungle activities such as elephant riding, canoeing, Ox cart riding, village tour etc.; and then drive to Kathmandu to adjourn your tour.
