

SPECTACULAR ANNAPURNA SANCTUARY TREK - 14 DAYS

This unique trek in the foothills of Annapurna South offers you an experience of the high Himalayas without the difficulties of life at extreme altitudes. The trek can be enjoyed as a gentle walk into the heart of the mountains, offering breathtaking views of Annapurna and the surrounding snow-capped peaks. On the way, you will encounter several ascents and descents, but these are not too challenging for the inexperienced walker and there are several alternative trails that eventually meet at the Gurung village of Chhomorong, the gateway to Annapurna Base Camp.

The Annapurna Sanctuary is a vast natural amphitheater surrounded by the high peaks of Annapurna 1, Gangapurna, Glacier Dome, Fang and Machhapuchhare. Several of these peaks rise above 7000m. The trek takes you through a landscape of bamboo and rhododendron forests, mountain villages, terraced hillsides and river valleys, to the open country above the tree line. Here the trail leads across rocky slopes and high moorland, offering continuously changing views of the peaks and high valleys leading up to the Sanctuary, where the trek ends, surrounded by the magnificent, soaring peaks of some of the highest mountains in the Himalayas.

On the Annapurna Sanctuary trek, you will experience the thrill of trekking in the high Himalayas and seeing some fascinating glimpses of the rich Nepalese culture in the villages on route. Arriving at Pokhara airport, you will be picked up by your guide, who will drive you up to the village of Nayapul where the trail begins. The first part of the trek takes you along the banks of the Modi Khola to the village of Birethanti, then along Bhurungdi Khola and up the valley to your first stopping point at Tikhedhunga. After a welcome night's rest in the guest house, the trail continues its gradual ascent, with overnight stays at Ghorepani, Tadapani, Chhomorong, Dovan and Deurali. One of the high points of the trip is the excursion to Poon Hill on day four. From here you will enjoy a magnificent panoramic view of Annapurna and Dhaulagiri—rising majestically through the clouds or tinged with gold in the early morning sun.
